ESPAÑA

3rd Portuguese Spanish Hydrographic Conference

Cádiz - Spain
**October
9, 10 & 11**

The Instituto Hidrográfico de la Marina (IHM – Spanish Hydrographic Office), a Spanish Navy agency, the Instituto Hidrográfico of Portugal (IH – Portuguese Hydrographic Office), a Portuguese Navy agency and State Laboratory, the Campus of International Excellence of the Sea (CEI-MAR) and the University of Cadiz (UCA), have the honor to announce the presentation and celebration of the 3rd Portuguese Spanish Hydrographic Conference (3JLEH), which will take place at the Palacio de Congresos (Convention Center) of the city of Cadiz, on October 9, 10 and 11, 2024.

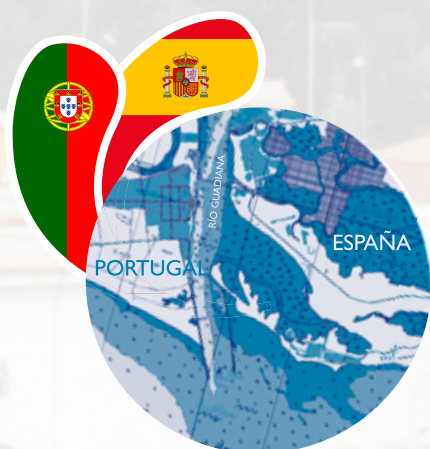

These Conferences serve as a forum for all those who have their work in the sea as a field of knowledge, development, research and specialization of the areas that interact with the marine environment, and allow it to serve as an instrument to seek solutions to the challenges of society in marine and maritime issues, as well as the application of hydrography for the best use of the resources employed.

Subjects to be discussed in the Conference:

- Hydrography
- Cartography
- Navigation Safety
- Maritime Services
- Oceanography
- Marine Geology
- Chemistry of the marine environment
- Marine Pollution
- Marine Technology
- Marine Geospatial Data Infrastructure
- Underwater archaeology
- Blue economy

Anybody interested in submitting papers should send the abstract of the proposed paper before 25st June 2024, according to the instructions available at the Conference website.

Accepted papers require submission of their respective extended abstracts by July 1, 2024.
